# Mohd Rizwan
## *Data Scientist*

✉ **G-Mail**　　　📞 **+91 8745943319**　　　in **Linkedin**　　　○ **GitHub**

**Forward-thinking BTech student** specializing in **Data Science** with a passion for leveraging **technology** to solve complex challenges. Equipped with a solid foundation in **computer science** and **data-driven solutions**, I thrive in innovative environments. Committed to **continuous learning** and excellence, I aim to drive meaningful change in the **data science** industry.

## Experience

**Machine Learning Intern**　　　　　　　　　　　*Jan 2024 - feb 2024*

- Successfully completed a 1 month long online Internship with Atharvo Pvt. Ltd., which is a Bengaluru based firm, on machine learning.
- Worked individually to create machine learning models and perform data science tasks like data munging and data visualization.

**Data Analyst Intern**　　　　　　　　　　　　*Jan 2024 – feb 2024*

- Created a machine learning model to filter spam messages, enhancing communication security.
- Built a predictive model to analyze the Titanic dataset, accurately predicting passenger survival.
- Conducted extensive data analysis and visualization using Python and Tableau to derive actionable insights.

**Python Developer**　　　　　　　　　　　　　*2023-present*

- 3 years of experience in coding with python programming language
- Designed flask website using machine learning model to predict the sales.
- Knowledge of python libraries like pandas, NumPy, SciPy, Scikit-learn and many more.

## Education

**K.R. Mangalam University, Gurugram, Haryana**　　　　*2023-2027*

- Bachelor of Technology in Computer Science with Specialization in Data Science.
- **Coursework:** Data analysis and visualization, Machine learning, Python, Tableau.

**Sarvodaya CO-ED Vidyalaya, New Multan Nagar, New Delhi**　　*2021-2022*

- Senior Secondary (76.1%)
- **Coursework:** Computer Science, math, Python programming

## Skills

- Machine Learning
- Python, JavaScript
- HTML, CSS
- Tableau proficiency
- Data Cleaning

- Data Preprocessing
- Feature Engineering
- Data Wrangling
- Communication Skill
- Problem-solving

## Achievements

- Certifications from IBM for Data analysis, Data Visualization and Machine learning
- Secured Gold Badge from Hacker rank in Python Programming
- Publication of Chapter in a multidisciplinary research book published by red shine Publications.
